

FINE ART PHOTOGRAPHY AWARDS

FOR IMMEDIATE RELEASE

Fine Art Photography Awards London, UK (April 16th, 2017)

In 2017 Fine Art Photography Awards received 6335 submissions from 89 countries around the world. Winners were selected by highly acclaimed panel of international judges, including: Tim Franco, Nadia Dias, Liza Van der Stock, Matilde Gattoni, Amélie Labourdette, Valery Klamm and Pierre Abensur.

About Winner:

Photographer Dale M Reid uses dark room techniques to imbue her botanical subjects with unimaginable personality and emotion. Reid's studies utilize different elements to produce sensual and whimsical portraits in high contrast with a keen eye for texture, form, and framing. Elegant white or black backgrounds highlight her subjects, allowing them to monopolize the photographs, filling the space with their unique voices and stories.

Once having to juggle her photography and finance careers, Reid was able to shape her distinct artistic voice, inspired partially by her life partner's diagnosis of Multiple Sclerosis, and her own experiences as a transgender woman.
